Enriching Lives

International Association of General Dentistry (IAGD)

The **Vision** of IAGD is to bring about a transformation of dental professionals, who evolve into a confident, energetic and enthusiastic group in India and across the globe to uplift the general oral health and well being of the population.

1. To enhance dentist's caliber by providing quality dental education.
2. To provide a forum for research and development in all branches of dental sciences.
3. To be instrumental for the advancement of learning and dissemination of knowledge in dentistry and allied sciences.
4. To exchange information and expertise with other institutions, associations and organizations in India and abroad in the field of dental education.
5. To prepare, print and publish any papers or periodicals and hold seminars, workshops and conferences across the globe.
6. To institute and award scholarships, fellowships, prizes and medals in accordance with the norms of the association.

OBJECTIVE: *The primary objective of the International Association of General Dentistry is to aim for perfect oral and general health of the public, this will happen by promoting ethics, art and science of dentistry and supporting members to provide safe, high quality professional oral care.*

Mission Statement: IAGD stands to create a noble vision to enhance energy, enthusiasm, self esteem, confidence and excellence towards dentistry.

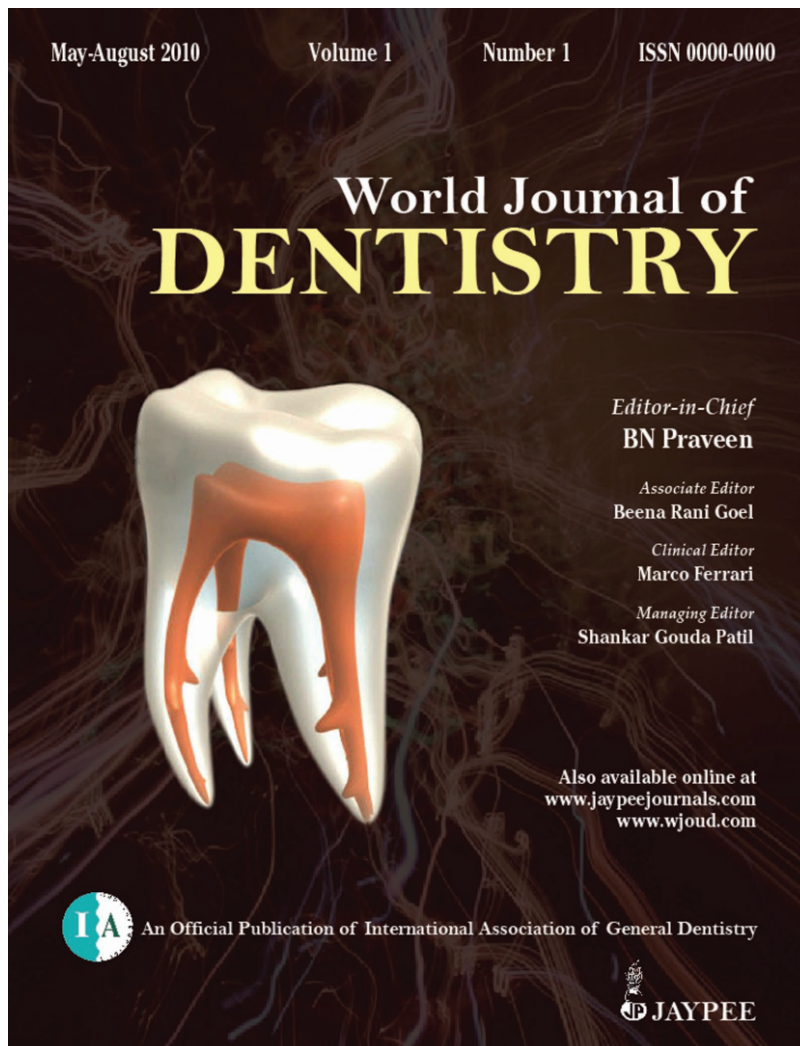

Fellowship

As a value addition to your membership IAGD will consider conferring American fellowship (FIAGD, USA) to the members who have been active and have paid their dues regularly for the past three years. A beautiful plaque of fellowship will be presented at our annual conference in the hands of eminent personality.

Joining IAGD is like no other organization. We will provide career guidance to students and mentoring services and help in clinic set up to dentists who are in practice or want to setup the practice. See below for membership benefits. For any queries, contact us at infoiagd@gmail.com
